

Steric P III™

2-14-0

Also contains Bio-S-425™

READ ENTIRE LABEL BEFORE USING THIS PRODUCT

GENERAL INFORMATION

Steric P III is a liquid plant food containing two primary plant nutrients and is designed to correct phosphate deficiencies. This product will quickly boost plant growth during critical or high growth periods and can help prevent damage due to weather.

Steric P III can be applied to most vegetable crops, row crops, deciduous fruit and nut trees, citrus, avocados, grapes, melons, ornamentals, turf, pasture, range grasses, and most other crops.

Steric P III is processed with Bio-S-425 and also formulated with concentrates of biostimulants, soil and petiole penetrants, complexing agents, microbial enhancing agents, antioxidants, coenzymes and a patent-pending process for increasing phosphate uptake.

DIRECTIONS FOR USE

Soil applications of **Steric P III** can be incorporated in liquid fertilizer or applied separately. This product is most effective when applied through an irrigation system or banded. It can be mixed with ***Steric K™** and ***Steric S™**.

Steric P III is compatible with acid based fertilizers and other plant nutrients. If unfamiliar with its use, be sure to check with Northwest Agricultural Products for compatibility or perform a jar test, mixing each product in the same ratios as to be field applied.

WARNING: **Steric P III** is a low pH material and should only be applied with equipment suitable for low pH materials.

DO NOT use **Steric P III** with ammonium thiosulfate (Thio-sul®) or potassium thiosulfate (KTS®).*

*Steric K and Steric S are trademarks of Northwest Agricultural Products. Thio-sul & KTS are registered trademarks of the Tessengerlo-Kerley Co.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid breathing spray mist. Will cause irritation of nose, throat, or skin. Avoid contact with eyes, skin, and clothing. Do not contaminate feed and foodstuffs. Do not apply to any area not specified on label. Do not re-use empty container. Wash thoroughly with water and detergent, puncture, make unusable, dispose of in a safe place. Store out of sun in an area of moderate temperature.

Keep from freezing.

GUARANTEED ANALYSIS

Total Nitrogen (N) 2.0%
2.0% Ammoniacal Nitrogen
Available Phosphoric Acid (P₂O₅) 14.0%
(Derived from monoammonium phosphate)

ALSO CONTAINS NONPLANT FOOD INGREDIENTS

Bio-S-425
Amino Acids 1.2%
Polysaccharides 1.2%
Organic Acids 0.5%

Net Contents: _____ gallons

Weight per Gallon: 9.45 lbs. @ 68°F

APPLICATION RATES

Apply 1 to 25 gallons per acre of **Steric P III** mixed with compatible fertilizers. **Add Steric P III** to a partially filled tank and continue to fill the tank. If mixing permits, allow agitation of the solution to insure uniform mixing.

To use **Steric P III** alone: apply the following rates if you do not have a soil or leaf analysis:

Minor Phosphate Deficiency.....1 to 5 gallons per acre
Moderate Deficiency.....5 to 15 gallons per acre
Severe Deficiency.....15 to 25 gallons per acre

After initial application, monitor petiole phosphate levels and apply again if necessary.

If using center-pivot irrigation equipment, use only with electric or oil hydraulic drive systems that provide a uniform water distribution.

Washington State law requires that EPA-approved safety devices be in use when this product is used through any irrigation system.

SAFETY INFORMATION

Always wear appropriate personal protective equipment (goggles, face mask, rubber gloves, etc.) when handling **Steric P III** or any agricultural product.

WARNING: When mixing Steric P III with UAN 32, use up to one gallon of water per one gallon of UAN 32 to insure complete and thorough mixing.

Always use a jar test to determine compatibility.

CONDITION OF SALE

Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one other than the officer of seller is authorized to make any warranty, guarantee, or direction concerning this product. Because the time, place, rate of application, and other conditions of use are beyond seller's control, seller's liability from handling, storage, and use of this product is limited to replacement of product or refund of purchase price.
