

0-0-4+2.1(Mg)+4.2(S) STERIC MKS®

READ ENTIRE LABEL BEFORE USING THIS PRODUCT

GENERAL INFORMATION

STERIC MKS is a liquid plant food containing one primary and two secondary nutrients designed to correct potassium, sulfur, and magnesium deficiencies. **STERIC MKS** has a low salt index, so it is ideal for use as a starter or sidedress fertilizer injected in to the soil.

STERIC MKS can be applied to vegetable crops, row crops, deciduous fruit and nut trees, citrus, avocados, grapes, melons, ornamentals, turf, pasture, range grasses, and other crops.

DIRECTIONS FOR USE

STERIC MKS can be incorporated with other liquid fertilizer or applied separately. This product is most effective when applied through an irrigation system or banded.

STERIC MKS is compatible with acid based fertilizers and other plant nutrients. If unfamiliar with its use, be sure to check with Northwest Agricultural Products for compatibility or perform a jar test, mixing each product in the same ratios as to be field applied.

WARNING: STERIC MKS is a low pH product and should only be applied with equipment suitable for low pH materials.

Warning: When mixing Steric MKS with UAN 32, use one gallon of water per gallon on UAN 32

DO NOT use **STERIC MKS** with ammonium thiosulfate (Thio-sul®) or potassium thiosulfate (KTS®). (Thio-sul & KTS are registered trademarks of the Tessenderlo-Kerley Co.) **STERIC MKS** is a registered trademark of Northwest Agricultural Products.

CAUTION:

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid breathing spray mist. Will cause irritation of nose, throat, or skin. Avoid contact with eyes, skin, and clothing. Do not contaminate feed and foodstuffs. Do not apply to any area not specified on label. Do not re-use empty container. Wash thoroughly with water and detergent, puncture, make unusable, dispose of in a safe place. Store out of sun in an area of moderate temperature.

GUARANTEED ANALYSIS

Soluble Potash (K₂O)4.0%
Magnesium (Mg)2.1%
Sulfur (S).....4.2%
(Derived from potassium magnesium sulfate)

Net Weight 10.00 pounds/gallon

Contents: 265 Gallons

Bulk

Patent Pending

This product is manufactured by:

Northwest Agricultural Products, Inc.
P.O. Box 3453 • Pasco WA 99302 • 509 / 547-8234

APPLICATION RATES

Apply 2 to 10 gallons per acre of **STERIC MKS** mixed with compatible fertilizers. Add **STERIC MKS** to a partially filled tank and continue to fill the tank. Allow agitation of the solution to insure uniform mixing. To use **STERIC MKS** alone, apply the following rates if you do not have a soil or leaf analysis:

Minor Deficiency.....2 to 6 gallons per acre

Moderate to Severe Deficiency...6 to 10 gallons per acre

After initial application, monitor petiole potassium levels and apply again if necessary.

If using center-pivot irrigation equipment, use only with electric or oil hydraulic drive systems that provide a uniform water distribution.

SAFETY INFORMATION

Always wear appropriate personal protective equipment (goggles, face mask, rubber gloves, etc.) when handling **STERIC MKS** or any agricultural product.

Washington State law requires that EPA-approved safety devices be in use when this product is used through any irrigation system.

CONDITION OF SALE

Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one other than the officer of seller is authorized to make any warranty, guarantee, or direction concerning this product. Because the time, place, rate of application, and other conditions of use are beyond seller's control, seller's liability from handling, storage, and use of this product is limited to replacement of product or refund of purchase price.
